

Zone Marking Paint

Pave the Way with Precision

Crafco Action Pave Zone Marking Paints are formulated for excellent durability, UV resistance and colorfastness while meeting federal specifications. From airports and streets to crosswalks and parking lots, Crafco's Action Pave Zone Marking Paints provide reliable performance in a variety of colors.

BENEFITS

Excellent durability

Available in chlorinated rubber or alkyd formulas

Meets all relevant federal and AASHTO specifications

Top-Quality Zone Marking Paint

Crafco Action Pave paint is an excellent choice for striping, sidewalks, curbs, warehouse floors, parking lots, crosswalks, and more. Action Pave adheres well to asphalt, concrete or brick pavers, with fast drying time and strong resistance against flaking, chalking, bleaching and dirt. Available in chlorinated rubber or alkyd formulas that meet TT-P-85E, TT-P 115, AASHTO and GSA A-A-2886B specifications.
