

# EZ Pour 50 Melter

## Trouble-free efficiency

The EZ Pour 50 melter delivers exceptional performance with the lowest operating cost in the crack sealing industry. This gravity-fed 50-gallon melter heats up in just one hour, handles both field mix and pre-packaged materials, and requires no flushing or cleanout. Built for reliability, ease of use and safety, the EZ Pour 50 is a low-maintenance powerhouse with an efficient footprint.

### BENEFITS

Fast heating and recovery

Reliable, safe operation

Lowest operating cost in the industry

Melts 400 lbs. of material per hour

## Small melter, big delivery

### RECOMMENDED USES

Small crack sealing projects  
 Parking lot sealing  
 Crack sealing  
 Joint sealing  
 Asphalt maintenance

### SPECIFICATIONS

Specification	PN 40199
Vat Capacity	50 gallons
Melt Capacity	400 lbs per hour
Heat transfer oil required	18 gallons at 70°F
Tank Construction	Double boiler type
Tank opening size	14-3/4" x 12-3/4"
Maximum heat input	Vapor burner 180,000 BTUs
Burner & Temperature Control	Automatic fail safe single cylinder propane
Engine Briggs & Stratton	6.5 HP @ 3600 RPM
Drive Mechanism	All hydraulic with infinite forward and reverse action
Mixer	Full sweep mixer with 2 blades
Axle	2250lbs capacity
Tires	ST 175/80 D13 (1360lbs capacity each)
Dry Weight	Approximately 1300lbs
Propane Bottle	100lbs

### FEATURES AND BENEFITS

The EZ Pour 50 is designed with you in mind – from the durable steel construction to the built-in safety features that keep you out of harm's way without getting in your way.

- 180,000 BTU propane burner and oil-jacketed double boiler for fast, efficient melting
- Thick ceramic insulation boosts heat retention
- Bi-directional, full-sweep hydraulic agitation driven by reliable 3 horsepower engine
- Intuitive controls regulate operation and temperature
- Splash-proof lid prevents sealant splashes and fume inhalation
- Curbside loading limits exposure to traffic
- Low-profile trailer makes loading material easy and minimizes strain
- No messy cleanout or solvents required
- Available in skid-mount or trailer-mount configuration
- Hands-on training provided by your representative
