

Stencil Pricing Catalog

All stencils are made from tough, flexible Low Density Poly Ethylene (LDPE) plastic in 1/16" (DURO) and 1/8" (MAXI) thicknesses. Try the DURO plastic for occasional use. Choose the MAXI plastic for frequent use. The DURO is more flexible while the MAXI is heavier and tends to lay flatter without wrinkles.

Graphic Stencils

- Graphic must be provided by the customer in .AI format, highest quality possible for clarity
- ONLY Available in MAXI Thickness
- Additional Questions will be required by the Stencil Technician pertaining to the order

Up to 5 Letters, and Up to 10 Letters are standard pricing at designated heights.

Individual Alphabet, Individual Numerical and Full Alphabet Kits at standard designated heights.

All Stencil Thickness is listed as:

D=Duro 1/16" and M=Maxi 1/8"

All Stencil Dimensions are listed as:

HEIGHT x WIDTH x STROKE for a single letter in inches (Arial Font)

HEIGHT

The outer dimension from the top of the letter to the bottom of the letter

WIDTH

The outer dimension from the farthest left of a single letter to the farthest right of a single letter

STROKE

The inner measurement of the thickness of a single letter

Note: See Last Page for character size, exact spacing, and over spray for standard stencils

What is different about Stencils made by Crafcó? Service! We ship 95% of all stencils within 24 hours. Special logos and Stencils are professionally designed and quickly submitted for customer approval. Shipping UPS provides all service possibilities including Next Day Air.
