CRACK SAW ATTACHMENT

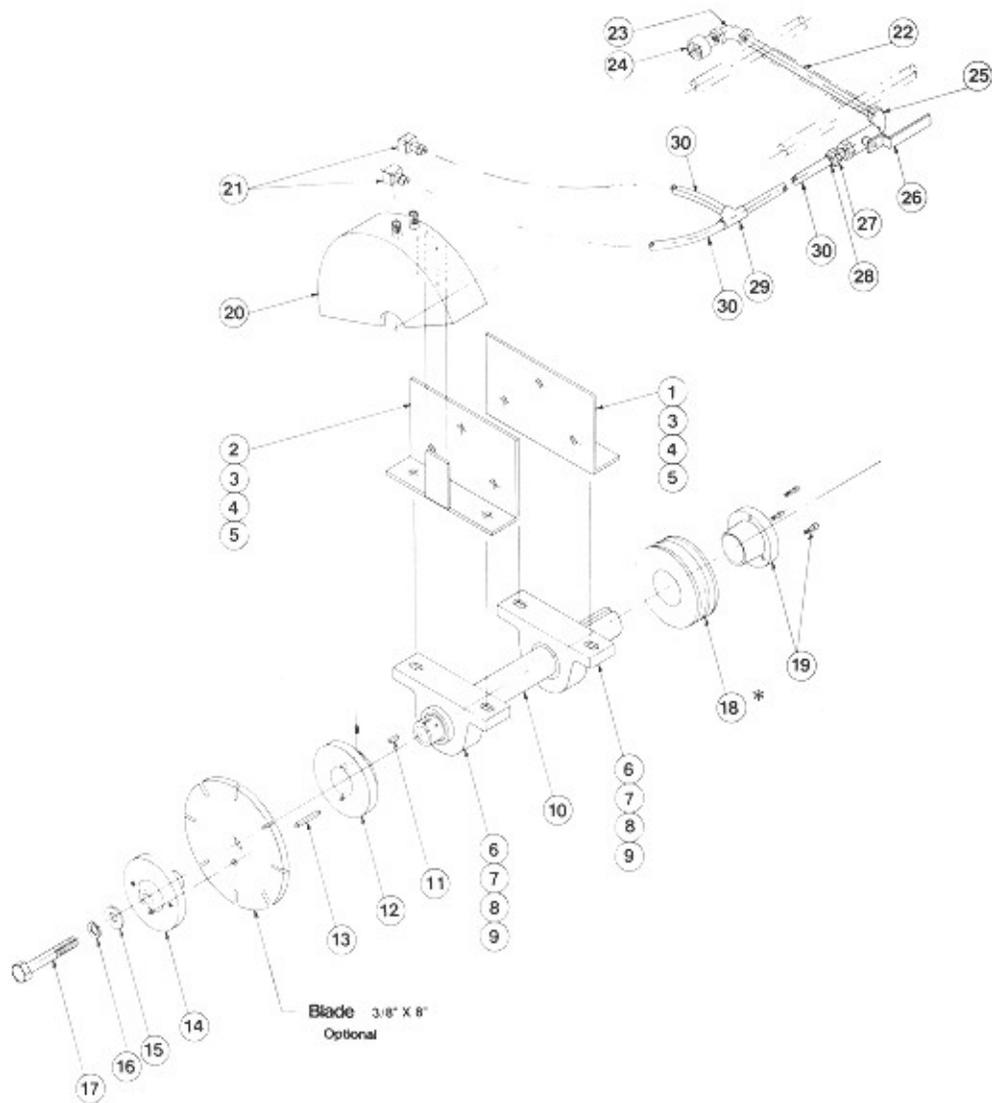

The Crafcro Random Crack Saw Attachment is designed to offer a secondary use for our Model 200 Pavement Cutter. This tool will allow the transformation of the standard Model 200 to a random crack saw for use on concrete or asphalt pavements in less than 1 hour. Diamond or abrasive blade (not included) may be used wet or dry on the Model 200.

SPECIFICATION: Part No. 31350, Random Crack Saw Cutting Kit

The kit includes all parts necessary to transform a Crafcro Model 200 Pavement Cutter into a saw, including belts, bearings, shafts, hoods, and brackets for the transformation.

ORDERING INSTRUCTIONS

Ask your Crafcro customer service representative for Part No. 31350 and indicate to him the horsepower rating of the unit to be transformed so that the proper belts can be supplied.
